

1960 SENIOR EDITION TIGERS ROAR

Volume XV

San Luis Obispo Senior High School—Wednesday, May 25, 1960

No. 11

Looking Back . . .

From the popular song "These Magic Moments," we'd like to borrow a few melancholy strains and go about the business of bidding the Senior Class of 1960 farewell.

* * *

We weren't actually frightened when we came down the steps in September of 1957 to the bleak-looking building called San Luis Obispo High—we were scared stiff! But the feeling of fear soon wore off. Our teachers became less cold, started calling us by first names—they almost became benevolent. The once icy walls of the building took on a softer, mellower look. Time flew on wings of Mercury, and before we knew it, we were Juniors.

As Juniors we had more freedom and yet more responsibilities. There were myriads of social activities—dances, parties, games. The nippy air of Poly Stadium was felt by our carefree faces, as we watched the dauntless pigskin warriors battle. We planned a prom to honor the Seniors, and felt the excitement of hard work and achievement. Our class play, "Take Care of My Little Girl," showed everyone that we had acting talent. We sold a record number of magazines and collected a record amount of rummage. Our baseball team won the CIF championship for the second straight year. And we studied. A record number of merit scholarship semi-finalists proved this. The year ended not with a whimper, but a large shout, as we all dashed from the doors to the tune of "Here Comes Summer."

We laid around the beaches, soaking up sun, went to Mexico, Europe, and worked. And suddenly we were Seniors! We welcomed Renee and Joe, our "own" exchange students to our school, which by now was beginning to feel as if we owned it. With the treasury already bulging, we added more by staging the highly successful play, "Brother Goose." We helped plan "A Night In December," the beautiful Christmas formal. There was Homecoming, with all its pageantry, beautiful football princesses, and the excitement of the gridiron.

We had Career day and Youth in Government day to help prepare us for life after graduation. And the day when we finally get together to talk, to plan, to laugh, and to reminisce has arrived. We have shared 520 days together; there are but 13 left. June 17—and then the exodus, or the genesis?

Greetings From Presidents . . .

Strange as it seems, our days are numbered. Before long we will graduate and go our separate ways. As we leave San Luis Obispo High School we carry fond memories of days we have spent together, and all the fun we've had, but remember this graduation is not the end, but just a beginning, a preparation for our lives ahead of us.

For some of us, it will be off to college and many more years of hard struggle, in order to climb higher on the ladder of success. For the rest of us, it will be going into a job somewhere, trying to work to a higher position. In either case we will try to better ourselves day in and day out. However, school is not just going to class; it is meeting new people learning to get along with them and learning to be a fair player in whatever you do.

Of course, we can't forget the parties, dances, class plays, and the sports in which we have participated. We will look back on these activities for many years to come and will remember them as some of our greatest days.

And so as the class of '60 leaves behind its high school days, we would like to thank all the people who have made it a part of their lives to better ours. It is only with their help and guidance that we have succeeded in making our class proud to be the class of 1960.

Last Will and Testament . . .

We, the class of 1960, in leaving behind the hallowed halls of San Luis Obispo High, do will all the memories of three golden years to underclassmen. On a more materialistic note, we bequeath the following:

To Mr. Arthur Godfrey and Miss Ethel Cooley senior advisors, our heartfelt thanks for all the wonderful services rendered.

I, **Suzanne Adams**, do hereby will all the school books that I have used and lost, and all the messy notes in my locker to **Mitzi Sparks**, hoping she will use them carefully.

I, **Karen Arnett**, being of sound mind, will to **Linda Melcher** my used engagement ring — because here's hoping she'll use it someday.

I, **Diana Babcock**, being of sound mind and big mouth, will to **Martha Bradshaw** my ability to say the wrong thing at the wrong time.

I, **Joy Baker**, being of fairly sound mind, will to **Dee Powers**, **Jim Trulock**, **Bonnie Dixon**, **Larry** and **Ronnie Edwards**, and the rest of the old gang, my parking place and the gallons of gas I used trying to park straight.

I, **Zella Baldwin**, being of sound mind, will to **Judy Norris** my ability to trap Poly boys.

I, **Brenda Bonin**, being of sound body and a doubtful mind, will to **Wesley Watkins** the remains of my dissected Ascaris Worm which he so "thoughtfully" knocked off my desk and scattered all over the room (accidentally, of course).

I, **Renee Marie Rose Bourene**, being of sound mind and body, do hereby will to **Michele Toone** my French accent and manners; in addition I will to her a long series of jokes which happen to all exchange students because of the way we pronounce the language of our host country.

I, **Tom Brazil**, being of sound mind and body will to 103 pound **Rick Glick**, my forty extra pounds and wrestling abilities.

I, **Sandra Brooks**, being of sound mind and body, do hereby will and bequeath to **Beverly Schlitz** my ability to drive a car and not get caught.

I, **Kathy Buck**, being of too much body at present (all the time), do hereby will to **Anita Broders**, **Marilyn Collins**, and **Karen Clawson**, the basins in the girls' rest room, so that they may use them for smart-alek underclassmen who think they're better than Seniors.

I, **Ken Costa**, will to **Ron Rude** my old coveralls in Auto Shop so he can start off in good fashion next year.

I, **Terry Craig**, being of insecure mind and uninjured body, bequest to any person one slightly used '53 Ford, providing they feel accident prone and can afford sufficient funds to replace the grill, which, through a rather unfortunate process, seems to have been misplaced.

SPORTS REVIEW — 1959-1960

Gridders Tie for Cellar

Composed mostly of sophomores and juniors, the Tiger football team tied with Atascadero for the cellar position.

The high scoring homecoming contest with the Greyhounds, the long bus ride to Santa Ana to face a tough Mater Dei eleven and the lone win over Port Hueneme were the season highlights.

All-conference second team members Phil Prijatel and Mike Fisher were named Coach Tuttle's top back and lineman, respectively.

Harriers Finish Second

In its second year at SLOHS, the cross-country team of Coach Bob PUNCHES finished in the runner-up spot in the league meet.

Cal Massey placed seventh in the league meet with a 9:41 time over the 1.8 mile course. Bob Heathcock ran eighth at 9:42. Dave Boradori was voted most valuable player and Massey, team captain.

Lonborg Top Cager

Tiger hoopsters survived the '59-'60 basketball wars with an 8-10 season record.

Led by all-conference center Jim Lonborg, SLO finished third in the league behind Santa Maria and Lompoc. With Lonborg, team captain Butch Jones, Larry Sederberg, Bob Meacham, Bill Pierce, and Jim Breeden carried the load for the Tigers.

Wrestlers in Contention

With the slogan "That's the spirit! amonia," Coach Phil Prijatel kept his wrestlers in contention at the Cal Poly and Carpinteria tournaments as well as in dual matches throughout the season.

Frank Silva, Mike McCune, Phil Prijatel, Jr., David Kishiyama, and Bob Woodworth sparked the Tigers to third place in the league tournament won by host Arroyo Grande. This marks the fourth year for the mat sport at SLO.

LAST WILLS . . .

Composition to the Seniors who have English Composition next year.

I, **Bob Romo**, being of sound mind, hereby will this to all future Seniors of San Luis Obispo Senior High School — Have Fun!!

I, **Jerry Rowe**, ain't got nothin' to will to nobody 'cause I just inherited it.

I, **Laurie Ruda**, being a member of the class of '60, hereby will leave SLO Hi very soon, so I generously will to next year's Social Commissioner my cherished copy of Butch Jones' latest book, "How to make Christmas tree mobiles for Christmas formals" and my favorite LP album, "Music to glitter pink stars by."

I, **Pat Sackrider**, being of weak or stable mind, whichever the case, do hereby bequeath my Model "A" which seems to attract policemen, to the police department, as they have titled it a "Road Hazard."

I, **Bob Salazar**, being of good craftsmanship, will to **Mike Gleason** my ability to do as well as I did in wood shop.

I, **John Salazar**, being of quiet mind and body, will my ability to work in tin shop to **Richard Herrera**, to **Duke Limon**, my ability to find trouble; and to **Pat Hall** and **Bruce Perez** my special wrestling holds.

I, **Mike Saulsbury**, being of sound mind and body, want to warn the younger set not to use artificial coloring. After using peroxide that takes months to come out and after having to scrub off the layers of "Man-Tan" with SOS and Dutch Cleanser, I know this subject quite well.

(Continued on page Twelve)

Silva was selected team captain and Prijatel was chosen outstanding wrestler.

Lack Cinder Depth

Lacking depth essential for team victories, the SLO track team had to be content with a handful of individual performers.

Leading the seven qualifiers for the CIF quarter-final meet was Fresno transfer Dave Ellison, joined by Ralph Bell, Jim Gingg, Larry Duron, Joe Lenz, Phil Prijatel, and Calvin Massey.

In the league meet at Atascadero, Santa Maria swept the class A and C competition, but had to settle for a tie with San Luis Obispo in class B. SLO had been defending champ in class A.

Trackmen graduating are distance men Jim Jones, Bob Heathcock, and Calvin Massey; sprinters, Doug Ontiveros, and Sam Taylor; shot putter Bruce Messer, pole vaulter Phil Prijatel, and 440 men Joe Lenz and Bob Tait.

Net Team Rebuilding

With a green net turnout, Coach Ed Devine faced a rebuilding job this season. However, the talent developed by the season end will carry over to the '61 season. Only graduating member of the Bengal squad is singles player Gary Mullin. Tom Winn, a junior, was voted the most valuable player.

Against Lompoc, the local netmen turned in their hardest fought matches. Atascadero and Santa Maria shared the league title.

Bid for Third Title

By winning two makeup games in three days, the Tigers nailed down second place in the league and earned a berth in the CIF baseball "AA" playoffs. League champ Santa Maria (defeated in three of four meetings by SLO) entered the "AAA" playoffs. Other league losses were two openers of twin bills to Lompoc.

Coach John Dodge's nine, sporting a 23-9 record face a tough assignment in bidding for an unprecedented third straight CIF title. At press time, San Luis hosts Hart in first round action. The Tigers lost five starters and 10 lettermen from the '59 squad which defeated Pomona for the CIF title.

The playoff lineup finds Jim Lonborg (9-4), Butch Jones (9-2) and Bob Meacham (5-1), handling the pitching chores. Either Rick Leguina or Jim Breeden will catch. CIF first team selection Mike Fisher will be at first base, with Bill Pierce, (.333) on second, Mel Queen (.429) at short, and Steve Larson (.340) on third. In the outfield, the Salyers, Dale and Bob, team with Lonborg or Jones to haul down the long ones. Utility man Lee Hollister is also expected to see action.

San Luis may not draw the largest crowds, but the local team attracts more major league scouts per game than other southland clubs. Target for the scouts is CIF small schools player of the year, Mel Queen who hit 11 home runs, four triples, and five doubles in the regular season to lead the Tigers at bat. Queen is also the key in the infield and instrumental in the Tigers coming up with 14 double plays.

Going into the playoffs, Lonborg has 106 strikeouts to his credit.

Tiger's Roar

The Senior Edition of the TIGER'S ROAR is published once a year and is printed by Blake Printery. Bob Heathcock is editor-in-chief, Ann Franklin and Jim McLain are Prophecy Chairmen, and Linda Maloney, Susan Reis, Marilyn Buffett, Eileen Van Matre, Sue Thrasher, and Christine Coelho are typists. Special thanks go to the girls on the switchboard who assisted in writing the prophecies, Mr. Attwood photography, Mr. Godfrey, Mr. Agnew, and faculty advisor Miss Roberta Mace, whose assistance was invaluable.

CLASS PROPHECIES OF '60 . . .

The time is 20 years from now: the place is Anywheresville. All 280 members of the class of 1960 are reported going fine.

James Adams is operating the go-kart races at Morro Bay.

Suzanne Adams is now a beatnik in North Beach—seems she likes espresso Zen Buddhism.

Bob Atkins is visiting Picasso and comparing notes.

Andy Anderson has secured the important position of head cartoonist with the company of Peanuts, Inc.

Karen Arnett has just become the fastest sports car racer in the world.
