Toula and Eberhard To Attend SLOHS

Paupiotia Gourassa (who will be known as "Toula"), and Eberhard Effinger (who will probably be known as Eberhard) of the countries of Greece and Germany, respectively, will be next year's exchange students hosted by SLOHS, Miss Ethel Cooley, adviser to both exchange student groups, the German School committee, and the American Field Service committee, announced recently.

"Toula," a 16-year-old girl, is coming on the American Field Service program,

"Cinderella Ball" is the theme of this spring's Jr.-Sr. Prom, to be held on May 20 in the Veteran's Memorial Building. All juniors and seniors, plus their dates, are invited to the ball, which will be enchanted from 9 'til the witching hour. Jerry Diefenderfer is general chairman of the traditional event.

A fairy godmother, assisted by Michele Toone and her decoration committee, will wave a magic wand over the ballroom, transforming the building into a fairy-tale castle. Royal coats of arms in hues of red, gold, and purple will decorate the walls. Members of the decorations committee are: LaVerne Mello, Janet Gianolini, Susan Hall, Lynn Avery, Janet Harris, Diane Oberholser, Judy Dunlap, Carol Wisneski, and Martha Bradshaw. Dance programs are being produced by Martha Jorgensen.

Highlight of the evening will be the coronation of a King and Queen. The coronation is directed by Betsy Culbertson. They will rule from a fairy tale throne until the clock strikes 12. To honor them, all dancers will participate in a Grand March. The Dons will provide the music for the Ball.

Eberhard said he has desired to come to the United States ever since he was 12 years old. Doug Jones, SLOHS's exchange student to Stuttgart, is currently living with Eberhard's family. Eberhard was chosen by the American Friends committee, a group which corresponds to the local GSC.

the same one on which Renee Bourene came this year. She lives in the city of Petra, where she attends the First Gymnasium for Girls. Toula is an excellent student and ranks near the top of her class scholastically. Miss Cooley stated that in her application papers, Toula showed great fluency with the English language in expressing her desire to come to the United States. Lynn Avery to Sail for Denmark in June

Notice to teachers: If Lynn Avery, SLOHS junior, seems as though she's off in another world these days, it's because she has been selected by the American Field Service to spend the coming summer in Denmark.

She will sail from Montreal, Canada, on June 10 on the MS Seven Seas with hundreds of other Europe-bound American exchange students. As her sailing date precedes the termination of SLOHS's school year, Lynn will be permitted to take her final tests early.

Lynn will spend the summer in the city of Kogee, which is not far from Denmark's capital city, Copenhagen. She will stay with the Ove Skovgaard Sonne family, and will have one sister, Ann-Mari, who is 17.

Miss Ethel Cooley, adviser to the local AFS chapter, who made the announce-

ment early last week, said that Lynn will live in Denmark until August 15, when she will sail for New York on the MS Waterman, arriving home sometime after August 24.

Lynn is the second girl from Tigertown to be so honored. Judi Osborne, senior, spent last summer in the country of Greece on the same program.

Lynn, who is very enthusiastic about her upcoming trip, is currently occupied with the many details of obtaining her passport, selecting her wardrobe, taking shots, and, of course, trying to learn Danish.

Active in student affairs, Lynn has served as welfare representative for the junior class, membership chairman of TOTS, one of the class chairmen for the upcoming junior-senior prom, and, of course, a member of AFS.

F'rinstance . . .

by Jim McLain

It seems funny that this is the last printed edition of the **Roar** for '59-'60, but I guess that's the way the money dwindles. Next year the paper will go back to twice monthly publication. But, to keep it on that basis, students will have to support school activities. So DO so, for hevvin's sakes! (the paper is by no means the only benefit derived by your support of student body activities. There are many others.)

Onward: It happened to many students at noon on Monday of last week. You walked up towards the cafeteria when — heavenly days! you saw it. It glowed like a knight in shining white armor in the noonday sun. It seemed to be a mecca that said "come hither." You couldn't resist looking at it. Oh, the glorious beauty of it all. It's enough to restore one's faith in humanity. They certainly make garbage cans beautiful these days, don't they? And, it has become so POPular! Everyone wants to dump his waste into that beautiful can!

"The Diary of Anne Frank," bows tonight and looks as though it should be very good. At a Wednesday evening rehearsal (April 27), **Vivian Hinkle** was surprised by a little birthday party. Among her gifts were such items as a dirt clod from **Diane Eicholtz**, and (ready?) from **Kathy Buck**, a matching weed.

Congratulations to Denmark-bound

Femme Feature

Penny McKellar

Stopping just long enough to say "cheese" is this week's girl-type personality — Penny McKellar.

Recent winner of a Bank of America award in English and plaque in Liberal Arts, this energetic senior is also a life member of CSF, a member and past chairman of the American Field Service, and Kathi Hill's co-chairman for the forth-coming Senior Banquet. To further swell this list, Penny recently held the job of City Attorney for the Youth in Government Day.

Without divulging her weight, Penny stretches her height up to 5 feet 2, with eyes to rhyme. The town of Holyoke, Mass., first saw our girl on August 31, 1942. (The mathematically-inclined reader will deduce from this that she is 17 years old.) Favorite pastimes include horseback riding, reading, and just plain relaxing.

A rather diverting hobby engages most of Penny's attention — rain! Why? Well, it makes the flowers grow, the hills turn green, etc. To further help the little droplets along, Penny spends spare moments doing rain dances. "It works, too. Look at last week end!"

Culture-wise, the Kingston Trio rates tops, as do strawberries and cokes. To offset this odd combination, Penny prefers books written by Joseph Conrad.

After graduation with the class of '60, Penny plans to attend Reed College in Portland, Oregon. She will major in biology.

Lynn Avery . . . Also congratulations to **Susan Thrasher**. Receiving a National Merit Scholarship is quite an honor!

As we come to the end of another school year. (The last high school one for many of us) there are many activities scheduled. Don't forget to check the box on page one!

I guess that's the end.

"Notes of Spring" Concert Next Friday

"The First Note of Spring" will be presented as the annual spring concert May 13 by approximately one hundred fifty students of the various SLOHS music departments. This hour and a half program will begin at 8:00 p.m. in the SLOHS auditorium.

MAN ABOUT TOWN

Lee Hollister

Lee Hollister, who professes to be the world's greatest anything finally gets to show his ivories to the limelight.

Where was he born? "Well, I'd say it was on October 7, 1942, in Santa Maria." We'd say that, too.

The Big L is a senior, 5' 10" tall, tips the scales at about 140 lbs., and (all together, now) "He Has Closely Cropped Brown Hair." His eyes are sort of a contact lensey blue hue.

This pseudo-king of the rice patties participates in scads 'n' scads of extra curricular activities. Frinstance, he's a Sealbearer (or life member) in the California Scholarship Federation, a member of the American Field Service committee, welfare representative for his class, and he was appointed city engineer during Monday's Youth in Government Day.

Lee has also been athletically inclined during his high school career. Our man has participated in varsity baseball, basketball, and tennis.

On the more personal side of things, (Did you know that things HAD a more personal side, huh?), Lee says, "I hate all TV shows, but I sorta like the book **War and Peace**."

Would you like to know his favorite food (you CAN be introduced, you know)? Say Yes. Okay, It's chicken. Aren't you glad you said "Yes"?

Lee's post graduation plans include a stint at Cal at Santa Barbara, where he will begin studies on the profession of dentistry. "But," says Lee, "my ultimate goal in life is to own a yacht." He says he thinks he looks good in one of those captain's uniforms with the gold braid on 'em.

A quote on girls: "I guess they'll do for the time being. I'm trying to perfect a substitute, though. It's gonna be neat!"

Campus Notes

Mrs. Carmel Dunning of the English department reports that next year's senior English program will involve a two-fold schedule. Three days of the week students will study vocabulary with Mrs. Dunning; the remaining two days they will concentrate on literature with Mrs. Helen Botley. This system will also work in reverse: "lit" three days and "vocab" two. The two teachers will then combine their efforts in teaching composition so that their students will receive the benefit of each teacher's technique.

Under the direction of Robert C. Grindle, the combined junior and senior high school bands participated in the Regional Band Festival at Costa Mesa in Orange county last Saturday. Two of the numbers played received superior rating at the recent District Festival.

Included in a twentieth century literature unit now being covered by eleventh grade English classes is a study of World War II. Through **Reader's Digest**, students are reading articles written while the war was in progress, as "Why the Japs Hate the Nazis" in the April, 1943, **Digest**. Compilation and collection of the articles has been made by Mrs. Lillian Bows and Mrs. Carmel Dunning.

will be added to this year's program. Directors for the evening include Robert C. Grindle, band; Lucian Morrison, orchestra and Milton Baer, choral department.

Up and Over . . . Bengal pole vaulter Phil Prijatel starts on one of his record breaking leaps. The Tiger trackman has broken two school records during his vaulting career at SLOHS.

Tigers Head for CIF

As this goes to press, the SLOHS Tigers are tied for the San Luis Obispo Athletic major league lead with the Saints of Santa Maria. Both teams have compiled 5-1 loop records and are making a big effort to secure a berth in the upcoming CIF playoffs.

Below are rundowns on some of the more important recent games:

Playing on their home diamond, April 23, the Dodgemen managed to break a 1-1 deadlock with the Atascadero Greyhounds and take a 2-1 win. The victory came as the result of Jim Lonborg's stealing second base after he had been walked to lead off the inning. He scored on sacrifice outs by Mike Fisher and Bob Salyer. Bob Meacham went the distance for the Tigers, allowing the Dogmen only two hits.

In a non-league affair last weekend, the Tigers showed their ability to make every hit count as they waxed the powerful Channel League Santa Barbara Dons 5-2 on the Southland diamond. The win gave the Obispans a 20-7 win-loss mark for the season. This was this year's second win for the Tigers over the Barbara-ville team.

Tuesday, the Bengals faced the Saints again in a tilt that should show the team that will stay in the league's number one spot.

Tigers in League Championship Meet

1960-61 Sports Forecast

Retiring head football coach, Jack Tuttle, will leave his successor, Jack Frost, with the makings of a pretty fair team next year. Bill Pierce, Tony Boyle, Wilbur Owens, and Don Frazier will give the Tigers a speedy and hard-hitting backfield. The line will be beefed up by big Mike McCune, Rick Leguina, Fred Lewis, and Skip Lebo.

Cross-Country

Cross-country will find Dave Borradori, Fred Kirn, Pat Jones, Ben Powelson, and Jeff Brail as the leading runners.

Basketball

Coach Dick Morrow's 1960 basketball team should finish in the top three in the league, with Bob Meacham, Bill Pierce, Pat Adams, Jim Breeden, and Tom Sweeney as his starting five.

Wrestling

Wrestling at SLO should improve, with Mike McCune, Mike McCay, David Kishiyama, Howard Franklin, Pat Hall, and Jerry Greenelsh showing the way.

Track Prospects are Bright

The track squad should have a great year, either in the upcoming season or the one after that. Dave Ellison, Ralph Bell, Howard Franklin, David Borradori, Ervin Rodgers, Frank Westlund, Mike Sutherland, Rick Topper, and German exchange student Eberhard Effinger head a host of promising trackmen.

Baseball

Coach John Dodge will lose most of his million-dollar infield (Queen, Fisher, Larson, utilityman Hollister), a good outfield in Dale Salyer, and two top-flight pitchers in Jim Lonborg and Butch Jones to graduation. He'll have going for him next year, Jim Kluck, Jack Della-Bitta, Bob Salyer, Rick Leguina, Jim Breeden, Tom Sweeney, Floyd Lewelling, and Bob Meacham.

Tennis

The racquet squad will lose only senior Gary Mullin, team captain, and could be hard to beat in two years.

Sports Calendar

BASEBALL

May 7: Lompoc at SLO

(These are the only games yet to be played as we go to press. CIF playoffs will take place during the latter half of May.)

TRACK

May 7: San Luis Obispo League meet at Atascadero

May 14: CIF quarter finals

May 21: CIF semi-finals

TENNIS

May 6: At Santa Maria (L)

May 7: Lompoc at SLO (L) (only games scheduled)

With little chance of winning the Class A title at the league meet tomorrow at Atascadero, Tiger trackmen will concentrate on the B division in hopes for a victory.

In varsity competition, Phil Prijatel will be out for the pole vault title, although bothered by an infected hand. Other A's with a chance to place are Rick Topper, field events; Ervin Rodgers, shot put; Joe Lenz and David Borradori, 440; Jim Jones, 880; Doug Ontiveros, 220, and Calvin Massey, mile.

In B competition, the relay team could go all the way. Spearheaded by Ralph Bell and Dave Ellison, the combo is a speedy one. Alternate members include Ron Duron, Stan Schwarz, Bob Gingg, and Frank Westlund.

Bell, Ellison, Howard Franklin, Gingg, Westlund, and Bob Snider are all expected to gain points for the Bees.

Final Home Meet

In their final home meet of the season, Bengal thinclads finished second to Santa Maria, but whipped Lompoc in the 1960 triangular finale.

Jim Jones captured the lone first for the Punchesmen, with a 2:10.5 in the half-mile. In the furlong, Joe Lenz and Dave Borradori swept second and third. Ervin Rodgers placed in the shot put, and Phil Prijatel gained second in the pole vault. Bob Heathcock ran a 4:56 mile and Calvin Massey, a 4:58 to win second and third in the mile event. In the high hurdles, Rick Topper ran third and Heathcock, fourth. In the low sticks, Heathcock finished third.

Highlight of the meet was a 1:12 clocking by the B 660-relay team, composed of Gingg, Duron, Bell, and Ellison.

Ralph Bell and Dave Ellison, the "Fresno Flash," each captured three blue ribbons to share top honors of the day. Frank Westlund and Bob Snider were other B winners.

In A competition, the first meeting of the year in the 220 between Lompoc's Olympic candidate, Larry Rheams, (hop-step and jump), and the Saints' Bobby Bruce left Bruce as the winner. This was the first loss in any event in the league for Rheams.

Atascadero Memorial Meet

The tracksters of Tigertown gained seven points at the 14th annual Atascadero Memorial meet, April 25. Competing against some 300 athletes, the Tigers compiled 26 points in sweepstakes competition to winner Tranquillity's 125.

Ellison (5th, 100), Lenz (4th, 440), Heathcock (5th, mile), and the relay team of Lenz, S. Taylor, D. Ontiveros, and Ellison that took third place, were the A point gatherers.

Quadrangular Meet

In an April 9 meet at the Paso School for boys, the Punchesmen finished fourth. Joe Lenz and Phil Prijatel were the only blue ribbon takers for SLO. Bob Heathcock ran second in the mile, Rick Topper placed in the high jump, Ervin Rodgers in the shot put, and Jim Jones in the 880.

THE LITTLEST INTELLECTUAL

His hands were snowy white
had a withered arm, a lame leg
He was not tall in any sense
In fact, he surpassed only the ant
people in size, who made sport
of his diminutive stature
But he didn't seem to mind
He just kept on studying and studying
And believe it or not
after three thousand years of book
learning
his head exploded and became the
rings of Saturn.

From other California high schools are Deborah Bondshu, Bakersfield; Donald Dannely, Santa Paula; Dee and Dana Bartleson (twins), Garden Grove; Bill Norton, Encino; Dave Ellison, Fresno; Lloyd Abbott, Avenal; Donna Hagler, Visalia; Eddie Velasquez, Santa Maria; Aileen Braxton, Fresno; and Lynn Hitchcock, Pomona.

Why Waste Schools?

The question, "Why waste valuable school space during summer vacation?" has often been posed by advocates of the year-around system of education. These people believe that the taxpayers are being gypped by leaving schools unoccupied for most of the summer months. They feel that the year should be split into three different divisions and that students should be attending all the time. Vacations would be divided accordingly with students out of school for equal durations of time.

With this idea in mind, what do you think?
